

Photography Permit Application

We are delighted to consider your request to use the Botanical Garden of the Ozarks for photographic or artistic purposes. To ensure the perfect experience for your photo session, we require you to arrange a scheduled appointment during operating hours of the garden at least one week in advance. The cost of the permit is \$95. This includes a 2-hour time slot and entrance to the garden for up to 5 people. If your photo session is outside of our operating hours there will be an additional charge of \$100. Please complete the following application and submit it with payment. Please note due to facility rentals during May-October, weekend slots are very limited. Photo sessions are not scheduled when our venues are reserved for private or garden special events. On the day of your photo shoot, please check in at the Visitors Center. Thank you in advance for taking care of the garden and being considerate to guests. We hope you enjoy capturing memories in our beautiful garden!
